

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

The LEA held a data carousel in October 2021 with the DataWise team, administrators, and interventionists who evaluated historical data paying particular attention to March 2020 to now. The group worked prioritized the students with the highest needs in learning and engagement gaps. They shared that information with MTSS grade level teams to allow for referrals to the targeting tutoring to be made. Ongoing monthly (or in some cases, bi-weekly) MTSS meetings will monitor progress of all students targeting those with the highest needs. Progress monitoring of goals and interventions are reviewed monthly and students who are not making adequate progress may be referred to the after-school program. Self-referral, and parent referrals are also accepted by the after-school program.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	708	After-school tutoring
Major Racial and Ethnic Groups	Academic Growth	674	After-school tutoring

- Describe the evidence-based resources that will be used to support student growth during the after- school program.

The LEA will be providing targeted tutoring in the areas of math and reading. Students, parents, and school personnel may refer the student to the targeted tutoring. Students are paired with the same tutor to maintain academic consistency, and establish routine of engaged learning. The LEA will have access to reports for the tutoring sessions. The LEA will use the school's universal screener and/or benchmark assessment data from the start of the school year to the end of the school to determine if the student meets individual growth targets in the area(s) for which tutoring occurred.

- Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
5	External Provider	Tutors
1	Internal	1 Internal Monitor Implementation

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Universal Screener	2 times per year or as progress monitoring tool dependent on the student's MTSS Team	Student will improve in the area of tutoring
Benchmark Assessment	3 times per year	Stidents will meet annual goal targets
MTSS Progress Monitoring	Monthly or bi-weekly depending on grade level	Students will show progress toward goals

6. How will the LEA engage families in the after-school program?

Families participated in the needs assessment. Families may refer the student for targeted tutoring. Families may view the student's progress, and participation in the program from the online portal. Families participate in MTSS meetings.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget
 \$40,187.00
Allocation
 \$40,187.00

Budget Over(Under) Allocation
 \$0.00

Budget Overview

Function	Object	Amount	Description
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	100 - Salaries	\$20,091.00	Additional hrs/Stipends paid to current staff for tutoring for 3 FY's
		\$20,091.00	

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget
 \$40,187.00
Allocation
 \$40,187.00

Budget Over(Under) Allocation
 \$0.00

Budget Overview

Function	Object	Amount	Description
2100 - SUPPORT SERVICES – STUDENTS	300 - Purchased Professional and Technical Services	\$20,096.00	Contracted Tutoring Services for 3 FY's
		\$20,096.00
